Why Study MBBS in Russia ?

Russia is among the most powerful nations in the world with estimated one-quarter natural resources and also home to state-of-the-art technologies. The Russian universities are well known for the knowledge they impart and their expertise in medical treatment and diagnosis. This caught worldwide attention and in return attracted the international student community, as a result now most of the students prefer studying in Russia when they opt their career in the medical field. The Russian universities provide the students with the most advanced technologies in the medical field which is yet to evolve. Russia being a developed nation has provided attention to the medical field keeping the existing diseases in foremost. The country developed a facility in-par to Centers for Disease Control and Prevention (CDC) that keeps an eye on any upcoming diseases causing endemic and epidemic.

The fee structure is also nominal and includes accommodation, all medical facilities, basic insurance and also Visa extension.

Russia has plenty of hospitals that permit the medical candidates for enrolling in an internship. The hospitals also have tie-ups with institutes and universities so that the optimum training can be imparted to the students.

Why Study MBBS in Kazakhstan ?

The Republic of Kazakhstan is the world's largest landlocked country, home to almost 18.2 million people. There are 13 popular and globally recognized medical universities for a candidate aspiring to pursue his/her medical studies in Kazakhstan. Every year, the University is home to more than 60,000 undergraduate medical students, seeking admission in MBBS in Kazakhstan. These universities offer an affordable fee structure and are recognized by the World Health Organization (WHO), UNESCO, FAIMER and the Medical Council of India (MCI). The courses are offered in English, making it easy for Indian students to understand and benefit from the training. The duration of the entire course for MBBS in Kazakhstan is 5 years. The best part is that Indian food is available everywhere in the county easily, so one really does not feel homesick for familiar food. There are direct flights between India and Almaty, which ensures hassle-free and safe back and forth.

FAQ

Q. Who is eligible to study MBBS in medical colleges of Abroad ?

A. Any Indian citizen who has attained the age of 17 years and has passed 10+2 Level from any recognized Council/Board of India or abroad. He/She must have studied Physics, Chemistry and Biology as elective subjects and obtained minimum 50% in aggregate of PCB combined for General & for OBC/SC/ST 45% NEET Eligibility also required. Also must have studied and passed English as a compulsory subject.

Q. Where can I do my internship?

A. It's optional depending upon your choice whether to do in abroad or in India.

Q. What will be the mode of payment and in what currency?

A. All payments will be calculated in US Dollars. However you may pay in INR if you pay in India. In abroad your food and other miscellaneous expenditure have to be paid in Local currency.

Q. What shall be the total expenditure including Hostel & Foods?

A. Please refer to the Fee Structure of the particular institution.

Q. What is the procedure for admission?

A. Firstly, you need to obtain eligibility from MCI. Then you may apply for admission. After the Registration & application process is duly completed your visa application will be processed by the college. On receipt of Visa your travel plans will be finalized and a confirmed admission order will be issued to you.

Q. What is the mode of travel & cost?

A. Mode of travel shall be by air. From New Delhi/Mumbai

Q. What is the course duration for an MBBS in Abroad?

A. Some colleges have 5 years course and some are having 5.3 year course, for detail contact us .

Q. What MCI Screening Test ?

A. The Medical Council of India stipulates that all students studying MBBS programme from Medical Colleges outside India and wanting to practice in India after completion of their programme, need to appear for a "Screening Test"

Q. What happens if I fail to clear the screening test of MCI?

A. Normally a students who passes MBBS from a WHO/MCI recognized college is expected to clear the test. After graduation one can attempt any number of chances to pass the MCI screening exams through which many students could be benefitted.

Q. What about my food?

A. The vegetables available there are very similar to what we get here. All the popular vegetables like Potato, Brinjal, Cauliflower, Cabbage, Beans, Carrots, and Cucumber etc. are available. Similarly Egg, Fish, Chicken Mutton are also abundant.

Q. Is there any dress code for college students?

A. There is no such dress code in any universities.

Q. Is the course approved by MCI?

A. The MCI cannot approve or disapprove any foreign degree. But they conduct a Screening Test and allow successful candidates to register with them to practice in India.

Q. Is MBBS in Abroad are expensive?

A. No. MBBS from abroad is much cheaper as compared to studying MBBS at private universities in India.

Q. How much time is required to reach the college from India?

A. If properly planned one can reach in one day.

Q. How many times can I come home in a year?

A. There are two vacations - winter and summer. Summer Vacations is July-August.
